TOOLS

Sewing machine
Thread (neutral color)
Fabric scissors
Pins
Pencil
Cutting mat/rotary cutter/ruler
Iron/ironing mat (optional)
Photos/magazine clippings of roses for reference (optional)

FABRIC

6 squares of muslin (two - 4½" x 4½" / two - 6½" x 6½" / two - 8½" x 8½")
Wide variety of scraps for rose petals (largest size needed would be approx. 2" x 8")
Wide variety of scraps of medium and dark greens for background (batiks, meadow prints, etc.)

NOTES ON FABRIC SELECTION

When choosing fabrics for the rose petals, first decide what color you want to make your roses. They can be the same color, like a bouquet of red roses, or a variety of colors. Brights or pastels, whatever suits you.

Select a majority of **tone-on-tone fabrics** in various prints and visual textures. Batiks, watercolor/painterly fabrics, and ombre/gradient prints work well. Solids are fine, too. Include a **wide range of color value** (for example, to make a pink rose, select fabrics in very pale pink + medium pink + deep pink + fuchsia, etc.). The variety of values will add highlights and shadows to your roses, giving them greater depth.

The amount of fabric needed for each rose block varies; as a general guide, consider the size of muslin foundation being used. (Please note: the number of rose blocks you will finish in class is dependent on time and individual workflow.)

IMPROV ROSE FABRIC KITS AVAILABLE (optional) - 6 colors available, \$22/each*

Each kit includes two 6½" x 6½" muslin foundations and a curated assortment of fabrics to make 2 rose blocks of the same color.
